CONTENTS

Comparative ecology of the orchids *Aplectrum hyemale* and *Orchis spectabilis* .... ALLAN N. AUCLAIR 1

Seedling establishment of *Cakile maritima* at Bodega Head, California ..... MICHAEL G. BARBOUR 11

Hebelomas as mycorrhizal fungi ..... E. HACSKAYLO AND G. BRUCHET 17

The ultrastructure of the mitochondrial plate of the meiocyte of *Polypodium aureum* .. NORMAN P. MARENGO AND MILDRED M. MARENGO 21

Preservation of fungi by freeze-drying ..... RICHARD T. HANLIN 23

Palaeohypnum beckeri, a new fossil moss from Oligocene deposits of southwestern Montana ..... WILLIAM CAMPBELL STEERE 28

TORREYA

Crown-gall enhancement by octopine ..... LENARD W. SWAIN 31

Polsters of the moss *Drepanocladus berggrenii* on Gilkey Glacier, Alaska ..... CALVIN J. HEUSSER 34

Chromosome numbers in West-Himalayan bicarpellate species II ..... L. S. GILL 36

A planting of ginkgoes from one female parent ..... J. T. BALDWIN, JR. 38

Field trip report 38

Book reviews 39

Index to American botanical literature 43

Diversity patterns in forest vegetation of the Wenatchee Mountains, Washington ... ROGER DEL MORAL 57

Plant communities and soils of an eastern North Dakota prairie ..... R. E. REDMANN 65

Cytogenetic and genomic relationships of *Elymus giganteus* with *E. dasystachys* and *E. junceus* ..... DOUGLAS R. DEWEY 77

Evolution of haustoria in tropical rust fungi ..... RICHARD B. RAJENDREN 84

Stem and root anatomy of *Monotropa uniflora* ..... EILEEN GLEESON HIRCE AND A. F. FINOCCHIO 89

TORREYA

On the occurrence of *Stellaria pallida* in North America ..... J. K. MORTON 95

Microstegium vimineum (Trin.) A. Camus (Gramineae) in the United States .. D. E. FAIRBROTHERS AND J. R. GRAY 97

Field trip reports 100

Book reviews 101

Index to American botanical literature 104

Mitomycin C-induced subchromatid and chromatid aberrations in *Vicia faba* pollen mother cells ..... MAXWELL A. BEMPONG 113

Frost resistance of seedlings of two ages of some southern Australian woody species ..... CAROLYN LAYTON AND R. F. PARSONS 118

Geographic variation in fruit of *Acer rubrum* ..... ALDEN M. TOWNSEND 122

Flavonoid distribution in *Ulmus* ..... FRANK S. SANTAMOUR, JR. 127

Origin and history of Maple Bog in the Sunken Forest, Fire Island, New York ..... LESLIE A. SIRKIN 131

Palynology of a postglacial bog in the New Jersey Pine Barrens .. LINDA E. FLORER 135

TORREYA

Pteridophytes of the Jockey Hollow section of Morristown National Historic Park, New Jersey ..... JAMES D. MONTGOMERY 139

Multiple seedlings in *Acer saccharum* ..... CLAYTON M. CARL, JR. AND HARRY W. YAWNEY 142

Survival and seed production of transplants of *Dionaea muscipula* in the New Jersey Pine Barrens ..... ALAN P. SMITH 145

A method to determine root biomass including uncollected portions ..... HOWARD J. DITTMER 146

Book reviews 147

Index to American botanical literature 151

The coastal strand community at Morro Bay State Park, California ..... WAYNE T. WILLIAMS AND JULIE R. POTTER 163

Population dynamics of tree seedlings and saplings in a mature eastern hardwood forest ..... NORMA F. GOOD AND RALPH E. GOOD 172

On the occurrence of *Lycopodium fuegianum* during late-Pleistocene interstades in the Province of Osorno, Chile ..... CALVIN J. HEUSSER 178

Embryoids and complete plants from unpollinated ovaries and from ovules of *in vivo*-grown emasculated flower buds of *Citrus* spp. . G. C. MITRA AND H. C. CHATURVEDI 184

The development of primary vascular elements in the needle leaves of *Pinus roxburghii* ..... A. K. M. GHOUSE, M. I. H. KHAN, AND MOHD. YUNUS 190

Ash and silica in *Juncus* ..... F. C. LANNING 196

The psilopezioid fungi. II. *Thecotheus rivicola* comb. nov. and other Iodophaneae (Pezizales) occurring on water-soaked wood ..... DONALD H. PFISTER 198

TORREYA

James Leland Edwards, 1895–1972 ..... VINCENT ABRAITYS 201

Observations on the forests of northern Queens County, Long Island, from colonial times to the present ..... ANDREW M. GRELLER 202

Field trip reports 206

Book reviews 208

Index to American botanical literature 212

The present status of *Sphaerita, Pseudosphaerita, Morella,* and *Nucleophaga* .....
JOHN S. KARLING 223

Analysis of virgin mixed mesophytic forests in Savage Gulf, Tennessee .....
ELSIE QUARTERMAN, BARBARA HOLMAN TURNER, AND THOMAS E. HEMMERLY 228

Some aspects of structure and function in Oklahoma old-field succession .....
J. V. PERINO AND P. G. RISSER 233

Structure and development of the seed coat in Cucurbitaceae. VIII. Seeds of *Marah* Kell ..... DALBIR SINGH AND A. S. R. DATHAN 239

A new species of *Gibasis* (Commelinaceae) from northern Mexico .....
JAMES L. REVEAL AND WILLIAM J. HESS 243

A new variety of *Enceliopsis nudicaulis* (Asteraceae) from southern Nevada .....
ARTHUR CRONQUIST 246

TORREYA

Injurious effect of tap water on rooting of cuttings of *Bryophyllum calycinum* ..
WILLIAM J. ROBBINS AND ANNETTE HERVEY 248

Additions to the flora of Rockland County, New York ..... JACK FOCHT 249

A new red-colored species of *Crepidotus* ..... JACK S. STATES 250

100th anniversary celebration of the naming of Gray's and Torrey's Peaks, Georgetown, Colorado, August 12–14, 1972 .....
JACK FOCHT AND MATHILDE P. WEINGARTNER 251

Field trip reports 253

Book reviews 254

Index to American botanical literature 257

An anatomical study of coconut leaves from healthy trees and those affected by cadang-cadang ..... ERLINDA P. RILLO, GIL O. PABLEO, AND W. C. PRICE 271

A comparison of old-field succession in four areas of the eastern United States .....
JESS PAUL HANKS 278

The allelopathic influence of *Avena fatua*: The allelopathic mechanism ..... ROBERT O. TINNIN AND CORNELIUS H. MULLER 287

Competitive and allelopathic suppression of understory by Oklahoma oak forests ... JAMES K. McPHERSON AND GERALD L. THOMPSON 293

The chemical effect of certain bark substrates on the germination and early growth of epiphytic orchids ..... SISTER JOHN KAREN FREI, O. P. AND CALAWAY H. DODSON 301

Barbula rufofusca, a new species of moss from northwestern North America ..... ELVA LAWTON AND F. J. HERMANN 307

TORREYA

Fresh-water algae of New Jersey: I. Cyanophyta on the Musconetcong River .... EDWIN T. MOUL 311

A method for surface-sterilizing small plant parts ..... D. V. BASILE 313

Symposia at the 24th annual A.I.B.S. meetings co-sponsored by the Torrey Botanical Club 316

Field trip reports 316

Book reviews 317

Index to American botanical literature 321

Index to Volume 99 335

INDEX TO VOLUME 99

Names of contributors and of authors of books reviewed are printed in CAPITALS. Titles in quotes, standing alone, are of contributed papers. Titles in *italic*, standing alone, are of books reviewed. Names of new genera, species, varieties, and combinations are printed in **bold face.** Numbers in **bold face** refer to pages where such a name is accompanied by a description or illustration. Numbers in *italic* refer to pages on which a name is listed as a synonym. Page number for a plant entity is given for only the first time it appears in any one article.

ABRAITYS, VINCENT: (Edwards obituary), 201.
Acer rubrum, geographic variation in fruit of, 122; *saccharum*, multiple seedlings in, 142.
Acetabularia and cell biology, 39.
ADAMS, CHARLES DENNIS: Flowering plants of Jamaica (Review), 255.
"Additions to the flora of Rockland County, New York," 249.
Alaska, *Barbula rufofusca*, a new species of moss from, 307.
Algae, fresh-water of New Jersey I: Cyanophyta of the Musconetcong River, 311.
The algae of Illinois, 41.
"The allelopathic influence of *Avena fatua*: The allelopathic mechanism," 287.
Allelopathy, influence of *Avena fatua*, 287; influence of *Quercus castanea* 301; *magnoliaefolia*, 301; *marilandica*, 293; *pedunculariis*, 301; *scytophylla*, 301; *stellata*, 293.
"Analysis of virgin mixed mesophytic forests in Savage Gulf, Tennessee," 228.
"An anatomical study of coconut leaves from healthy trees and those affected by cadang-cadang," 271.
Andropogon vimineus, 99.
Aplectrum hyemale, 1.
Arborescent species, dynamics of, in a mature eastern hardwood forest, 172.
Ascophanus aurantiacus, 199; *aurantiacus* var. *xylogena*, 199.
"Ash and silica in *Juncus*," 196.
